

Superman

Black Coffee

You know, I've been hurt so many times
It got to a point
When I decided
I can't do this any more
I need someone to hold me

I need someone that needs me
I need someone that loves me
Can you be my superman?
Can you be my superman?
Will you be my superman?
Will you be my superman?

You know, we don't have to be dramatic
Just romantic
Do all the little things
The little things, little things, little things
That excites me
As your woman
Give me a kiss goodnight
Over the phone
When you working late
When you're out of town
Tell me how much you need it
Cause we deserve it
We can be together
