

# Time

## Black Coffee

Time, time takes shape  
Time, waste away  
Ooh, the time, ooh, all the time  
Time, we're stealing time

I've been thinking 'bout the way  
You gonna do it anyway  
I've been thinking 'bout your ways  
I've been thinking 'bout the way  
You gonna do it anyway  
I've been thinking 'bout your ways

Caught me thinking 'bout you when I'm not around you, I'll still do it anyway  
Caught me talking 'bout you when I'm not around you, I'll still do it anyway

Let's go away, babe  
I wanna go away, babe

Time, time takes shape (Taking shape)  
Time, waste away (Wasting away)  
Ooh, the time, ooh, all the time (Taking shape)  
Time, we're stealing time

Time on you, you  
All I need, I need  
Something new  
With you  
Make me feel, me feel

I've been thinking 'bout the way  
You gonna do it anyway  
I've been thinking 'bout your ways

I've been thinking 'bout the way  
You gonna do it anyway  
I've been thinking 'bout your ways

Caught me thinking 'bout you when I'm not around you, I'll still do it anyway  
Caught me talking 'bout you when I'm not around you, I'll still do it anyway

Let's go away, babe  
I wanna go away, babe

Your love stays inside of me  
Don't rush, take your time with me  
Your love stays inside of me  
Your love (Wasting away)

Your love stays inside of me  
Don't rush, take your time with me  
Your love stays inside of me  
Your love

Time on you, you  
All I need, I need

Something new  
With you  
Make me feel, me feel

Your love

Your love stays inside of me  
Don't rush, take your time with me  
Your love stays inside of me  
Your love

Your love stays inside of me  
Don't rush, take your time with me  
Your love stays inside of me  
Your love

Your love stays inside of me  
Don't rush, take your time with me  
Your love stays inside of me  
Your love

Your love stays inside of me  
Don't rush, take your time with me  
Your love stays inside of me  
Your love
