

Vampiric Nymphomania

Black Countess

Celebration is going on in the hall of the Castle
There is no more modest servant-maids
Now they're salacious women in red silk
Furious votaresses of Belphegor

One of them is dancing on the tableful
Pouring wine over herself and showing her cunt
Another is masturbating in front of her guest
Permitting to lick her legs smeared with honey

The art of sexual seduction declares slavery
Eternal reign and cruel power of flesh and blood
When throne is occupied by the lowest lusts
Nobody will resist the temptation

They are Whores in Red fulfilling filthy wishes
And fucking with bewitched slaves of night
Beautiful infernal creatures bringing the exhaustion
And entralling into the labyrinth of sex

Sadomasochistic orgy tortures the bodies of the knights
The art of torments slashes the skin with a knife and lash
The view of blood hastens the orgasms of the nympho whores
And a quick agonies for the unhappy martyrs

They are Whores in Red fulfilling filthy wishes
And fucking with bewitched slaves of night
Beautiful infernal creatures bringing the exhaustion
And entralling into the labyrinth of sex
