

Save Me

Black Country Communion

I cry and a new
Day is dawning
I gave you my plea
All alone
So high and I can't
Hear the warning
I breathe and
I face the unknown
I'm fooled by the
Court and the jester
The gallery looks
Down on me
I wake in dream
I confessed there
Confusion is all that I see
My body found
By the river
I'm gone to Mother Earth
Oh Lord take me down
To deliver
Save me
Can you hear me callin'?
Save me
I'm on the ledge
And I am fallin'
Inside I bleed to recover
I slowly come undone
My guide
The lone forgiver
Am I the chosen one
