

## Concrete Bubble

## Black Dresses

Okay

Uh

Alright alright

Uhhhh

Haha... uhh...

Fuck this shit up uhhh

Rock out rock out

Ok

Devi

Rock your body uh uh uh uh uh

Rock your body like a cattle plague

Endless, paralytic, stagnant uncertainty

Watch the death like a shitlib

Sitting on your hands

Never did shit, never known shit

Never done shit for anyone ever

Never-never done shit for anyone ever

I know it's not easy for anyone

We're all on a clear light hell trip

But that doesn't mean we shouldn't try

Just don't come anywhere near me

And we'll be ok

I don't wanna see anyone's face

I'm dealing with my own shit right now

You can deal with your shit somewhere else

Ten thousand eyes (yea!)

Broken lenses seeing different lives

It's okay to hide (yea~!)

If you have the luxury...

Thin lines (yea)

Getting thinner all the time

The light:

Casting shadows til the shadows

Are the only thing alive

Eleven thousand eyes

Stuck inside a concrete bubble

Everyone is "doing their best"

I think that it's kind of whatever

But dreams are not meant to be achieved

It's just not enough

It's never been enough

When the FUCK has it been enough

Only to dream?

How do you know

What direction you should go?

Breaking into pieces

Offering up your soul

Keep it behind your windows

I can't put you at ease or judge you

Everyone is a different ruin  
Everyone has to figure their own shit out

I'm not you  
I'm not you  
And you're not me  
I'm not you  
And you're not me  
I'm not you  
AND YOU'RE NOT ME

I'm not you and you're not me  
I'm not you and you're not me  
You're not me and I'm not you  
I'm not you and you're not me

I can't even stand to be me  
What the fuck is going on in your head?  
What the fuck is going on in your head?  
What the fuck is going on in your head?

I know what it feels like  
Empty hollow inside  
Everyone's fucked up  
I can't tell you that you're fine  
Life goes on, you know?

Is that...?  
Shit
