## Black Dresses

Being cute was a mistake  
Being likeable instead of insane:  
A straight line to ruin  
Having value to the faceless ones  
And shining bright in the sun?  
Fuck it, I never knew 'em  
Can you still see  
The place you dreamed you would be?  
Was it ever really there at all?  
Reaching in deep  
Through the blood and the grease  
Well at least I don't have far to fall lol

I tried to kill this but it still exists  
I tried to chill but I'm still in it  
Everybody's thinking that  
They're so sick of my shit  
Speak the fuck up  
My ears are ringing in this bitch

I'm the worst one out  
I'm the worst one out  
I'm the worst one out

I'm the worst one out  
I'm the worst one out  
I'm the worst one out

Ah, I'll be fine  
I promise that I'll be okay  
Ah, I'll be fine  
I promise that you'll be okay

Ah, you'll be fine  
I promise that you'll be okay  
Uh, you'll be fine  
I promise that you'll be okay

Uh, you'll be fine  
I promise that you'll be ok  
Ah, I'll be fine  
I promise that you'll be ok

Ah, I'll be fine, guh...

Eeeaghghjhjhhhhhh  
I wish I was a worm  
Crawl into the dirt  
Now no one can hurt me  
I wish I was worse  
So there'd be no confusion  
In the first place

Crawl into the dirt  
Crawl into the dirt  
Into the dirt

Crawl into the dirt  
Crawl into the dirt  
Crawl into the dirt
