

FEEL SOMETHING

Black Dresses

Feel something
Feel something for me
Feel something
At least feel something for me

Lilith got some credit to buy a ticket on a plane
They wouldn't let her leave so she took the bus
I just see pain only roll over
And my hands still shake
It's still inside of us

AAAA, AAAA
Nowhere to run, no place to call home
Greyhound in the dead of the night
Try to make it alright
Unknown feeling grows
Everything that escapes my head
Only bland repetitions of the truer depths, oh
Gotta feel safe to play a role
What do you need, what do you need?

Weird looks and ulterior light in their eyes
Cut off even from the nightmare that I left behind
But the rent is cheap
New nowhere
What do I need?

She started to feel ok
But coming from a place as bad as that was
Things can tend to find a way to tag along
She didn't leave a mess with her luggage
She made sure to stay on top of chores
But her new chosen family was just as complicated as the old one was

I'm sorry
I'm sorry
Ahh
Ahh
Um

Hahaha... What?

Do something
Do something for me
Do something
Go do something for me

Be something

I need you I need you to

Be something for me

Be something

I need you I need you to
Be something different for me
