

# GAY UGLY AND HARD TO UNDERSTAND

Black Dresses

Um, shoutout to Big Freedia  
New Orleans Bounce music  
Uhh, every Bitch Track ever made for  
NYC drag balls in the 90's before RuPaul made being gay uncool

Gay, ugly, and hard to understand  
I thought that people could handle it but they- but they can't  
But they can't! Haha!  
I don't want to let you have it (have it)  
I don't want to let you have it (have it)  
I don't want to let you have it (have it)  
You can't earn it  
This shit is not on trend (on trend)  
This shit is not on trend (on trend)  
This shit is not pretend (pretend)  
It's a- (AHH AHH!)  
Yeah, I'm just doing my shit (my shit)  
I'm just doing my shit (my shit)  
You could never do it like this (like this)

Even though  
I'll keep it moving but you stay slow  
I'll keep it moving but you don't know  
I'll keep it moving and you can follow behind me, behind me

Off my old CD  
You could copy a track  
Sell it to Roadrunner  
Make your money back  
It's the corniest shit, put Travis Barker on it  
Oh my God, what the fuck is your problem?

It is happening again (again)  
You wanna mess with it  
I am possessed with it  
I'm fucking dead from it  
I am a revenant  
But I want everything that I can never have  
You want my suffering? Why do you want it so bad?  
You think it's hard shit?  
I want softness  
I want the gentleness that only you were offered  
I want a peaceful life

Everything I want is fiction  
What I need does not exist  
Everything you want is right here waiting  
For you to take it  
What I need does not exist
