

HELL IS REAL

Black Dresses

I don't want a future
I just wanna fucking stop
I don't want identity
I just wanna drop dead
This is nothing
Scared pathetic bitch's death rattle
Please do something
I'd give my fucking soul to get out
This is how it has to be
And you just wanna fuck with me
I know, I know, it's fine
This kind of slow death
Nameless sickness
Really screws up your definition of alive

I know
It's it
It's always been the same shit
It's always been the same shit
I know
It's it
It's always been just like this
I know
It's it
It's always been the same shit
Yeah, it's always been the same shit
I know
It's it
Yeah, it's always been the same shit
It's always been the same shit

And it doesn't ever stop
Yeah, it doesn't ever stop
Yeah, it doesn't ever stop
Yeah, it doesn't ever stop

(I confess, I'm sorry)
If you wanna see some shit
If you wanna see some shit
Then maybe you could see some shit
You're so curious
You're so curious
You might see some shit
You might see some shit

You want us dead?
We're sick and dying, don't you know?
You want us dead?
We're fucking sick and dying, don't you know?
You want us dead?
We're sick and dying, don't you know?
You want us dead?
We're fucking sick and dying, don't you know?

Sometimes, sometimes
Sometimes, sometimes

Sometimes I know
That hell is real
And I'm there

And it doesn't ever stop
Yeah, it doesn't ever stop
Yeah, it doesn't ever stop
Yeah, it doesn't ever stop

And it doesn't ever stop
Yeah, it doesn't ever stop
Yeah, it doesn't ever stop
Yeah, it doesn't ever stop

And it doesn't ever stop
Yeah, it doesn't ever stop
Yeah, it doesn't ever stop
Yeah, it doesn't ever stop

I just want to be so sweet and kind to every living thing on Earth in all the
whole wide world
So don't fuck with me at all
That would be a bad idea
To fuck with me at all?
That would be a bad idea
Fuck with me at all?
That would be a bad idea
Fuck with me at all?
That would be a bad idea
