Ow, ow, ow, ow

Half a mile underground
Half a mile underground
Half a mile underground
Still ain't shit
Still ain't s-

You don't understand
This is how it ends
There is no way out
You are not exempt
There is no recourse
These are the final days
This cannot be healed and you just
Fucking look away

If everything is dying I just look away
I'm a fucking devil, I will die in pain

If everything is dying I just look away
I'm the fucking devil, every day I die in pain
Every day
You don't ever see
You won't ever know
I hope you don't know
I hope you do
I hope you do
I hope you do
I hope you don't know

Half a mile underground
Half a mile underground
Half a mile underground
Still ain't shit
Still ain't shit

I'll just poison the groundwater
I'll just kill us all, all together

Broken teeth
In your sleep
It's all a dream, it's all a dream
Broken teeth
In your sleep
It's all a dream, it's all a dream
Broken teeth
In your sleep
Again, ah, again
Broken teeth
In your sleep
It's all a dream, it's all a dream

Na na na na

It's all a dream, it's all a dream
Na na na na
It's all a dream, just make believe
Na na na na
It'll be alright, we've still got time
Na na na na
I can't believe I'll ever die

Let's go to hell together
Let's go to hell together
Let's go to hell together
Let's go to hell together

If we...

If we all die?

If we all die does the world just

Get better?

Get better?

Get better

Can we all heal if we just

Die together?

Never been the type to give up
Never been the type to give up

Never been the type to give up

I wanna be here to give a fuck
(I care so fucking much)
I wanna live

If everything is dying I'll just look away
I'm the fucking devil, every day I die in pain (Look away, look away)
I hope you know (Look away)
I hope you don't know (Look away)
I pray you never see this day (Look away)
I don't know why
I don't know why
I don't know why

If everything is dying I'll just

Look away

If the ocean falls apart
Like an ancient plastic bag
Back into the ecosystem

I want my soul to be made of gasoline

I don't know the world
I just seen the

Things I've seen
