

# MAGIC EYE

## Black Dresses

Child soldiers in central Florida getting canceled  
Wealth so passive that I can't go astral  
Truck blasting: Pharmakon and Rancid  
Intermittent fasting off three tabs of acid  
Sun shining cos I still afford gas  
And girls so pretty that they look like plastic  
It's like a magic eye graphic  
My eyes go blurry but I can't see past it

I just see the pattern I can't understand it  
I just feel the safety like a FEMA sheet blanket  
Over my head  
Keep on staring like a magic eye graphic  
I just hear the beat and I keep on dancing

Waiting  
Waiting  
Waiting can't grasp it

Oh no

Static  
Static  
Can't see past it

Oh no

Going  
Going  
Going hard batshit

A-a-a-Oh

Still stuck getting got  
God I can't see shit

Waiting  
Waiting (Waiting)  
Waiting can't grasp it  
Static (Static)  
Static (Static)  
Can't see past it  
Going (Going)  
Going (Going)  
Going hard batshit  
Still stuck getting got  
God I can't see shit

Get lost in the shapes and  
Get caught and a little bit dazed and  
Try to see the big picture  
End up tracing an A. Grey painting  
Gotta know gotta get hope  
Can't see gotta feel my way down

I got death in my mouth  
Chewing with headstones

I grew my bangs out, yeah  
I'm doing what's best for me  
I'm doing what's best for me  
Be like Stephen King  
Amputate  
Misery  
Yeah  
I feel it now  
You're coming down  
You're coming down for me

I just see the pattern I can't understand it  
I just feel the safety like a FEMA sheet blanket  
Over my head  
Keep on staring like a magic eye graphic  
I just hear the beat and I keep on dancing

Waiting (Waiting)  
Waiting (Waiting)  
Waiting can't grasp it  
Static (Static)  
Static (Static)  
Can't see past it  
Going (Going)  
Going (Going)  
Going hard batshit  
Still stuck getting got  
God I can't see shit

Waiting  
Waiting (Waiting)  
Waiting can't grasp it  
Static (Static)  
Static (Static)  
Can't see past it  
Going (Going)  
Going (Going)  
Going hard batshit  
Still stuck getting got  
God I can't see shit
