

MUTATIONS

Black Dresses

I'm a mess
Beautiful monster
Psycho-dreaming
I'm something different
Be yourself
Earth is so poisoned
Life is so boring
There's not much left to do-d-do-d-do
Get cut apart and consumed
You can be me too
If you really want to know what it's like

When the sky is love
And the air is honey
When the people shout and stop and stare
'Cause you don't look like the people on TV
And that's okay
'Cause the world is meant to change
And it should change
I'd love to see the world
In a beautiful new shape

Broken parts
Garbage mind
Fall apart
Mis-align
Start again
Build yourself back up and then
Pretend
I've tried so hard to be good
I wish I could, I wish I could!
But this is how it was always going to be
I'm still me

When the sky is love
And the air is honey
When the people shout and stop and stare
'Cause you don't look like the people on TV
And that's okay
'Cause the world is meant to change
And it should change
I'd love to see the world
In a beautiful new shape

The one beautiful thing in this world
The one beautiful thing in this world!
The one beautiful thing in this world!
In this world...
In this world!

Let me show you all the new mutations
Let me show you all the new mutations
Let me show you all the new mutations
So many feelings
New sensations

I know

It must be protected
I know
I know
It's all we have
I know
We can't
Survive without it
A tiny flame in our hands...
What do we do?
