

# NO NORMAL

Black Dresses

I want to know what I can be  
So close to being a normal person  
Try again but I'm worse than last time  
I try to dream but I can't sleep  
Unaware and I can't undo it  
Didn't mean it, swear I'm just stupid  
This creepy kid, this part of me  
Wants to make the friends that I couldn't  
Fuck it up like other me wouldn't  
So clueless and so annoying  
I try to know what I'm saying  
I'm sorry, please just don't hate me

T-shirt slogan  
I'm a t-shirt slogan  
I'm a meme, I know it  
I got mean, I know it  
We learned a lot about entertainment  
Tried a lot of shit, still not entertained yet

Isn't it crazy to be human?  
To bear witness to the illusion of patterns?  
To the illusion of order?  
To think that all this shit is normal?

I want to know what I can be  
So close to being a normal person

I try to dream but I can't sleep  
Unaware and I can't undo it

T-shirt slogan  
I'm a t-shirt slogan  
I'm a meme, I know it  
I got mean, I know it, uh...  
The fuck you want? There's no excuse  
There's a fire going, I'm getting high off the fumes  
Uh~!

Isn't it crazy to be human?  
To bear witness to the illusion of patterns?  
To the illusion of order?  
To think that all this shit is normal?
