Hold the vision in your mind

Burning sky!

Dissociate, anethetize
What broke you waking deep inside
It never sleeps

It never dies

People think it's edgy what I lived thru
But I'm all sparkle sparkle and shit
People think it's edgy what I live thru
But I'm the nicest person
I'm just like My Little Pony

I'm just like uh, Cartoons

And that's so silly to me
If that's your idea of being edgy
I guess that's good for you
I think that you must have a NICE life

A set of perfect teeth
Shining, glinting in the dark
Trying not to scream
Praying out for a spark from God
For the lights to come on
Perfect teeth, perfect teeth
Fucking chewing on me
A set of perfect teeth
Shining, glinting in the dark
Trying for the scream
Praying out for a spark
For a sign from God
For the lights to come on
Perfect teeth fucking chewing on me
