

## theres a halo around the moon

Black Dresses

There's a halo around the moon  
There's a hole around the stars  
There's a world outside my room  
But I can't see it anymore

I floated through deep cold space  
Empty lonely space  
The whole fucking time you thought you were there  
But I was alone  
And I was scared  
I was scared  
I was scared  
I was alone  
And I was scared

Yeah you  
Never knew  
All these years  
All these years  
Yeah you  
Never knew  
All these years  
All these years

It's like we never belonged with each other  
It's like we are both bad people together  
Me and you  
Me and you  
Me and you  
Me and you  
Me and you  
Me and you  
Me and you  
Me and you

It's so easy  
To dream  
Of something that never happens  
That couldn't come true  
Never [?]
