

## TRY NEW THINGS

Black Dresses

Be nice  
Be kind  
Do the right thing  
Just do the right thing

It's a new day  
So I'll try some new things  
Try a different way  
I like to try new things  
Its just like I say  
I love to try new things  
You don't have to-  
Just try new things, please

Gotta keep it going  
Gotta keep moving  
People wanna talk  
But I got nothing  
What's up with that girl?  
What is she thinking?  
I'm a quiet bitch  
I just do my own thing

Like a dyke I'm gay  
Sometimes I try new things  
Who cares what who what say  
Just try new things  
Another new day  
Thank the lord new things  
If you don't wanna  
Then just try new things

(What do you see in my eyes?)
