

## Zero Ultra

## Black Dresses

Twisting shadows  
Of shadows  
Of shadows  
Of shadows  
Of shadows  
Echoed down thru time  
Twisting shadows  
Of shadows  
Of shadows  
Of shadows  
Of shadows  
Of shadows  
Of shadows of confused and poisonous light  
And everything it touches dies  
In a form of supercomplex violence  
But that could never happen to us...

I don't know if this is sustainable  
Try to make it last

Try to make it last

Everything that I got left is stuck inside me

Like bits of glass

In the moment I feel so infinite

Power over the bad dreams  
The dissonance  
But I need impossible gentleness

To stay intact

To make it last

It's easier to make you think

I'm too far gone  
Than it is to try to tell you  
What's in my heart  
It's easier to make you think

I'm dangerous  
Than it is to try to tell you  
What \*\*\*\*\* is

I neeeeed augh  
I neeeeeeeedd uh

Twisting shadows of shadows of something I can't say  
Echo down thru time  
Reflecting out thru a rainbow prism colorwheel  
In every direction  
Of confused and poisonous light

Pull me out of stasis

One more time return to life  
Search deep inside for weight to

Put behind every line

I can't remember what my name is

Shake the dust from inside  
Is there a way to break the cycle?

Defenses up. Borderline

Eeeeevery thing I  
Got left stuck inside me like  
Bits of glass  
I neeeeeeeeddddddd impossible gentleness  
To stay intact  
I  
I need Impossible-  
-ness

I need impossible gentleness
