Black Eyed Peas

Did you watch the news today?  
Did you hear what they said?

One thousand more people passed away  
Aw nah, somebody tell me what's going on  
New York, New York, big city of dreams  
There's a nightmare goin' down from the Bronx to Queens  
And everywhere in between  
We fighting somethin' we can't even see  
There's an invisible enemy  
Just knocked out Italy  
Keep the mask on 'cause if you cough they gon' look at you like you did a fe  
lony  
And they say we can't hug nobody  
Not until we find a remedy  
So we pray for Spain, France, and the UK  
China and U.S.A., I pray we gon' be okay  
Pray for the grandmas and grandpas  
So that they can live to see another day

Did you watch the news today?  
Did you hear what they said?

They said don't worry folks, it's all a hoax  
The news is fake and it's all a joke  
The death toll's rising with broken hopes  
Now they got the cure and an antidote  
Inject yourself with a bleach of soap  
And a checks in the mail 'cause they know we're broke

Did you watch the news today?  
Did you hear what they said?

They said no one's alive to see the pope  
It's a ghost town coast to coast  
We're just people that's just tryna cope  
From different sides with different strokes  
Livin' different lives from different tribes  
But everybody's in the same boat

Did you hear the news today?

They say the world is one  
'Cause we're all fighting a war  
But nobody pick up a gun  
We got nurses and doctors  
They fightin' in the front line, savin' lives  
I'm waitin' in line, I'm frightened  
In the store, ah, that's the hero  
Behind the counter  
They makin' the world go round  
Riskin' new encounters  
They in the front line  
Dying for the minimum wage

Did you watch the news today?  
Did you hear what they said?

They said stay in the house, don't step out  
If you step out, put the mask on the mouth  
Six feet back, virus attack  
Soup on the hands so your lungs don't collapse  
Don't know the truth  
Don't know the facts  
Roll road killin' all the brown and the black

COVID-19 got us on our knees  
Got the temperature risin' 106 degrees  
It don't care if you speak Cantonese  
Français or Portuguese, Español or Japanese  
Gotta start sayin', "I can't breathe."  
Ah, isn't it ironic?  
When we can't breathe, the planet breathes  
And we can see blue skies, blue seas, green leaves, birds and bees  
I don't know what to believe  
All the lies or conspiracies

Did you hear the news today?  
Did you hear what they said?

One thousand more people passed away  
Aw nah, somebody tell me what's going on  
And on, and on, and on, and on, and on, and on, and on, and on  
On, and on, and on, and on, and on, and on, and on  
Somebody tell me what's going on
