Or is it really right, live beyond on what you're knowing
Or is it that technology is what keeps on going
Could it be that the end of time is what I'm showing

And goddamn yo, I'm runnin out of clip I'm almost out of time Runnin out of Damn, I'm almost out of time

We could all try now but just look up in the sky We ain't got no ozone left, we are gonna die Crime and corruption, is the only season Is it 'cause the reason is that we out of time
