Keeping it live

Bringing the vibe  
Back in the fold

New and improved a move

They want a snare and a thump  
They got a smell of the funk  
That's how we wakin' 'em up  
Now we mopping the scene clean  
My team is supreme  
I'm rolling in green green  
You know what I mean

Wherever I go, go  
You know the M.O. bro  
We never lay low, no, no, no  
We on a mission to give 'em a little vision to listen  
To what I'm spitting there's really no competition  
I'm hittin' 'em with the gift and the gab and the slow clap  
We takin' 'em back to vibe, to original format
