

## Damaged II

Black Flag

Damaged by you  
Damaged by me  
I'm confused  
Confused,  
Don't wanna be confused  
Stupid attempts  
No conclusions  
I'm confused  
Confused,  
Don't wanna be confused

Put the gun to my head  
And I don't pull  
I'm confused  
Confused,  
My emotions are bruised

I no longer feel a thing  
I no longer want to see  
But you can't make me long  
For your life and security  
Problems stick,  
My live drips feelings cut

Stupid feelings  
Stupid illusions  
I'm confused  
Confused,  
Don't wanna be confused  
Scars for me to wear  
I'm confused  
Confused,  
Don't wanna be confused

Things don't fit  
Do I care  
I'm confused  
Confused,  
Don't wanna be confused

I no longer feel a thing  
I no longer want to see  
But you can't make me long  
For your life and security  
Problems stick,  
My live drips feelings cut
