

It's So Absurd

Black Flag

A fairytale of mass proportion
Rain distortion
Grudging policy
It's so absurd
It's so obscene

Terrifying aberrations
Let's cry a lot and really
We're in a state of delusion
A ball of confusion

Can't believe a deprivation
This close to chainsaw
Breached our sanity
It's so absurd
We're in a state of delusion
A ball of confusion

Watch your step
Watch your back and scream
It's so absurd
It's so obscene
We're so obscene
