

## Shut Up

Black Flag

So seriously thinkin' that I gotta  
I just gotta get a gun  
Delirious but brothers still be thinkin'  
That I'm done

I'm so wiped out by your brutality  
So fed up with all your noise  
Gnashing my teeth  
To the sound of the loud-mouthed boys

Shut up  
Shut up  
Shut up  
Just shut the fuck up  
Shake it up, tear it down  
Primitive shreds 'til it's inside out  
Shut up  
Shut up  
Shut up

No, no lame excuses  
No more mistakes  
No more compromises  
I've had all I can take

You come around  
'Cause there's nowhere else to go  
You seen a boy  
That's living your white lies

Shake it up, tear it down  
Primitive shreds 'til it's inside out  
Shut up
