

Slow Your Ass Down

Black Flag

Slow your ass down
You're tryna take the night train to the fuckin' side of town
No [?] complications, no convoluted [?]
Twisted bastard nonsense in the back of my sedan

A little bit of fuck life
And a little song and dance

Slow your ass down
There'll be no disrespect [?] you're acting like a clown
There ain't no shame [?], just tryna get 'em down
Just slow your punk ass down

A little bit of fuck life
And a little song and dance

Oh yeah that's what I'm talking about!

Slow your ass down
Slow your ass down
Slow slow slow your ass down
Just slow your ass down
