

## Half Man

**Black Francis**

Don't blame me because don't blame me 'cause hey I'm only human  
And don't tell me the cost don't tell me 'cause hey, Hey I'm ju  
st a crewman  
Out to sea

I am half man I'm almost like you  
But you'll be goddamned when I'm through  
Over the waves making my way out to sea

I am the last in line that started with who, with John Von Neum  
ann?  
If it's the end of time so be it but hey hey it was Truman who  
set me free

I am half man I'm almost like you  
But you'll be goddamned when I'm through  
It's a new day so open the bay and set this free
