

## Milk

## Black Grape

Sway, sway, sway, sway  
Sway, sway, sway, sway

I've got nothing else to give  
I've got no life to live  
I'm worn down to the bone  
Banished, rejected, disowned

I've got nothing else to give  
I've got no life to live  
I'm worn down to the bone  
Banished, rejected, disowned

I've got nothing else to give  
I've got no life to live  
I'm worn down to the bone  
Banished, rejected, disowned

I've got nothing else to give  
I've got no life to live  
I'm worn down to the bone  
Banished, rejected, disowned

You come at me with no manners  
Night lingers, bring candles  
Ammonia, don't handle  
No life, no scandal  
You can see right through the cracks  
That's why you keep coming back  
Long day, long hour  
Then you show me your power (me your power, me your power)

Try to hold me demons in, keep my bad side down  
I never, ever fed the wolf  
'Cause it would chew my mind  
Keep the pace, no lagging  
Can't be left behind  
Realign my chakras  
And turn them upside down  
Turn them upside down, turn them upside down  
Turn them upside down, turn them upside down

Sway, sway, sway, sway (turn them upside down, turn them upside down)  
Sway, sway, sway, sway

I get sharp stabs in my chest  
It seems I can't take a breath  
I'm still readjusting to death  
Damn, got no energy left

I get sharp stabs in my chest  
It seems I can't take a breath  
I'm still readjusting to death  
Damn, got no energy left

I get sharp stabs in my chest  
It seems I can't take a breath

I'm still readjusting to death  
Damn, got no energy left

I get sharp stabs in my chest  
It seems I can't take a breath  
I'm still readjusting to death  
Damn, I've got no energy left

I need to call it quits  
I'm having a heart attack  
That fucking thing is back

Show me your powers  
My mind keeps sending me flowers  
On loop for hours and hours  
We've got a new balance

Try to hold me demons in, keep my bad side down  
I never, ever fed the wolf  
'Cause it would chew my mind  
Keep the pace, no lagging  
Can't be left behind  
Realign my chakras  
And turn them upside down  
Turn them upside down, turn them upside down  
Turn them upside down, turn them upside down

Sway, sway, sway, sway (turn them upside down, turn them upside down)  
Sway, sway, sway, sway  
Sway, sway, sway, sway

Try to hold me demons in, keep my bad side down  
I never, ever fed the wolf  
'Cause it would chew my mind  
Keep the pace, no lagging  
Can't be left behind  
Realign my chakras  
And turn them upside down  
Turn them upside down, turn them upside down  
Turn them upside down, turn them upside down  
Turn them upside down, turn them upside down

Sway, sway, sway, sway  
Sway, sway, sway
