

We've come with greetings from a parallel universe  
Just our literal teachings to share with the planet earth

Take the walk of shame, play the game again and again  
Take the walk of the shame, do it again and again and again

Feels like you're on the game again, once again  
You're older and lame  
And shit's not the same, the game has changed  
The rules aren't the same, you're too fuckin' lame

We've come with greetings from a parallel universe  
Just our literal teachings to share with the planet earth  
One day, you'll journey out into the stars  
Through time and space and realize who you are

Take a look at the price tags  
Take a look at the wags with the shopping bags  
Just look at the wags with the bags and the price tags  
Had too many relapses  
It's getting too nasty  
Just like the wags with their bags and their price tags  
Just like the wags with their bags and their price tags

We've come with greetings from a parallel universe  
Just our literal teachings to share with the planet earth  
One day, you'll journey out into the stars  
Through time and space and realize who you are

Look up and smile at the stars  
Look up and smile at the stars  
Look up and smile at the stars  
Look up and smile at the stars

Welcome to the Panda club  
Oh  
We're growing old like The Rolling Stones  
We're old  
Oh, we're getting old like the Rolling Stones  
We're getting old like the Rolling Stones  
We're getting old like the Rolling Stones  
We're getting old  
Oh, we're getting old like the Rolling Stones  
We're getting old like the Rolling Stones  
We're getting old like the Rolling Stones  
We're getting old

We've come with greetings from a parallel universe  
Just our literal teachings to share with the planet earth  
One day, you'll journey out into the stars  
Through time and space and realize who you are
