

Pimp Wars

Black Grape

I just can't get to grips with it
Said, I just can't get to grips
I'm obnoxious, baby
I'm obnoxious, baby
I just can't get to grips with it
I'm obnoxious, baby
I'm your biggest fan

'Cause they want more than an equal bite
You can see them prowl the street at night
You won't like that sight
Hold your valuables tight
Don't tarry just stick to the light
And protect your life
Go home and hold your wife
Cuddle up your children tight
And kiss them goodnight
So dem nuh get inna fright
Cah it nuh Halloween tonight

Don't start no fight
Mind you nuh get in no plight
Make badmind mash up di vibe
Just stay upright
You must remember your pride
Nuh get caught up, inna dem strife
Always think twice
Nuh get cut up and sliced
Make bad bwoy take way yuh life
Lord Jesus Christ
Dem man a livin' a lie
Di Devil take over dem flight

I just can't get to grips with it
Said, I just can't get to grips
Bad driver, bad driver
Muff diver
I just can't get to grips with it
I just can't get to grips
Bad driver, bad driver
Muff diver

We said no more
Let dem shine their car
I rather top Babylon off
Fight dem pimp war
Nuh mix up in dem flow
Righteous down to the core
Heart clean and pure
Have mi foot in di show
Steady when me step pon di floor
Yes, they want more
And over air nuh throw
A wickedness dem a, a do
We just see cats
Come to chew di fat
Yes, it is as simple as that

Reason and check
Nuh wrap up in no slack
Or tortured under di rack
I use my tact and only deal in facts
Nuh sign no treaty or pact
They lay their tracks
But me see di attack
And side-step all a di flack

I just can't get to grips with it
Said, I just can't get to grips
Wonderful things I don't need to say
I just can't get to grips with it
I just can't get to grips
Pay day, pay day

'Cause they want more
And they're kick-kicking down the door
And they want more
And they climb over the wall
Coming through your window
Going through the drain pipes
Through the children's bags
They want more
Oh my God
Are you not entertained?

'Cause they want more than an equal bite
You can see them prowl the street at night
You won't like that sight
Hold your valuables tight
Don't tarry just stick to the light
And protect your life
Go home and hold your wife
Cuddle up your children tight
And kiss them goodnight
So dem nuh get inna fright
Cah it nuh Halloween tonight

I just can't get to grips with it
Said, I just can't get to grips
Bad driver, bad driver

I just can't get to grips with it
I just can't get to grips
Bad driver, bad driver
Muff diver

Ladies and gentlemen, just one more for the road
Just one more for the road

For the road

I just can't get to grips with it

Said, I just can't get to grips

I'm obnoxious, baby

I'm obnoxious, baby

I just can't get to grips with it

I just can't get to grips

I'm obnoxious, baby (I'm your biggest fucking fan, man)

That's who I am
