

# Shake Well Before Opening

Black Grape

Funky!

Come and have a go if you think you're hard enough!  
Come and have a go if you think you're hard enough!  
Rub-a-dub-dub waste the doorman at a club  
Come and have a go if you think you're hard enough!  
Rub-a-dub-dub waste the doorman at a club

Shake well before opening  
Serve it chilled or hot  
Shake it well before opening  
Serve it chilled or hot

Pleasure, nourishment  
A smile of some encouragement  
But no, you get it  
No you twist

When you're wrapped up to tight and you eat  
You're always teasing!  
Teasing, teasing, teasing...  
Teasing, teasing, teasing...

Rub-a-dub-dub waste the doorman at a club

Shake well before opening  
Serve it chilled or hot  
Shake it well before opening  
Serve it chilled or hot

Nailed your own head to the dartboard  
You used a Rolex to roll up your keks  
You nailed your own head to the dartboard  
You used a Rolex to roll up your keks

You rag and bone man  
When you're on your own man  
We're rag and bone man  
We make your own man

Well, you eat and you drink  
All the chemicals in the world  
Make you seek  
Bleak

Shake well before opening  
Serve it chilled or hot  
Shake it well before opening  
Serve it chilled or hot
