

Yeah Yeah Brother

Black Grape

You sit at my table
Eat and drink like you were my brother
Brother
I would never ever in this world
Believe you were a backstabber
Slash, slashing

You eat in front of my face
And even when my back is turned
In despite of your crime
I will pay you no mind
Just leave you to die

Send me a wreath
It's over

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah

You looked in my eyes
They said that you were my soulmate
Best friend
When you leave things too long
She gets long gone
And it's too late
Late

I told you pure lies
And left you to cry
Open the trunk for the pineapple chunk
And I'm long gone, lady
Lady, long gone
It's frothy, man

Turn your car
Ooh
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah
It's over

You were the wise and wonderful
Extremely beautiful
Chick from out of nowhere
You were the wise and wonderful
Extremely beautiful
Chick from out of nothing

One look in my face
And even when my back is turned

In despite of your crimes
We pay you no mind
Just leave you to burn
Lie down
Send me away

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Because I love you, love you, love you
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
It's cool
It's cool
Yeah, yeah, yeah, yeah
Ooh
Yeah, yeah, yeah, yeah
Send me a wreath
Yeah, yeah, yeah, yeah
Send me a wreath
Send me two
Ooh
Yeah, yeah, yeah, yeah
Yeah
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
