

Beauty Of The Night

Black Heaven

Sometimes I feel like I'm in heaven
when your face is close to me
Your voice is my illumination
your love is what I want to be

You are the one I'm living for
the meaning of my life
you are the woman in my dreams
the beauty of the night

Sometimes I feel like I'm immortal
when your lips whisper my name
and you're as graceful as an angel
in this world of lust and pain
