

Hatebreeder

Black Heaven

Tearin' your eyes out, smashing your skulls
Bloody desires of punishment for you all
You will fear me, you will beg me
I know the feeling
I know the rage!!
There's no one than can stop
The anger, the hate that has taken over me!!!
There's no one who can!

Now the demon is out and there's nothing you can do to contain
the strenght!! You'll wish you have never been born!!
Wish you have never been born!!!
Face it!! You will die!!

Hate! Breeds! Pain! Kills!
come a little closer, don't be afraid
I will make it quick, it wont hurt a bit...

Hate! Breeds! Pain! Kills!

You can't hide from me
You know I will not rest
Suffering awaits you
You shouldn't have messed with me!!

Hate! Breeds! Pain! Kills!
You shouldn't have messed with me!

They didn't see it coming
They're running for their lives
My fist is full of blood
And I don't give a fuck!!!

There is no "lesson" here,
Only punishment for you
All you've ever feared is gathered in me!!

Hate Breeder!

Face it, You will die!
