

Fire

Black Honey

I'm not yours, don't belong to you
It's my body, I make the rules
I can do what I want to

I've got a mind and you're a bore
Raised in hell since I was born
Cross me once, I'm out that door

And I don't care what you have to say
We're raised in hell, it's time for a change
We are all diamonds shining in the dirt
I know exactly what I deserve

We are fire
We are fire
We are fire
I won't apologise
We are fire, fire, fire

Looks are not the rent you pay
Promise you won't be afraid
Just be yourself

Sorry, not sorry for you
I've got better things to do
Don't need your approval
And I don't care what you have to say
We're raised in hell, it's time for a change
We are all diamonds shining in the dirt
I know exactly what I deserve

We are fire
We are fire
We are fire
I won't apologise
We are fire, fire, fire

Welcome to the pain gap
The pay gap on time lapse
Child brides in landslides
This is what it feels like
FGM and house-hold silence
We asked for this violence
We asked for this violence
We asked for this violence
We asked for this violence

We are fire
We are fire
We are fire
I won't apologise
We are fire, fire, fire

We are fire
We are fire
We are fire
I won't apologise

We are fire, fire, fire
