Black Kids

Your mama don't know nothing 'bout this
Magic and technology in a kiss
Feels like we share some secret
Like we share this cigarette

I feel it coming over me
I feel you taking over me
You took my body
You took my body

Well, baby, you don't want my love
It's too IFFY
Tell me what you're thinking of
When you're with me
I-F-F-Y, it's too iffy
I-F-F-Y, are you with me

Well, baby, you don't want my love
It's too IFFY
Tell me what you're thinking of
When you're with me
I-F-F-Y, it's too iffy
I-F-F-Y, are you with me

Love causes so much pain
And I've got so much love to give
Love causes so much pain
And I've got so much love to give

I feel it coming over me
I feel you taking over me
You took my body
You took my body

Well, baby, you don't want my love
It's too iffy
Tell me what you're thinking of
When you're with me
I-F-F-Y, it's too iffy
I-F-F-Y, are you with me

Well, baby, you don't want my love
It's too iffy
Tell me what you're thinking of
When you're with me
I-F-F-Y, it's too iffy
I-F-F-Y, are you with me

Well, baby, you don't want my love
It's too iffy
Tell me what you're thinking of
When you're with me
I-F-F-Y, it's too iffy
I-F-F-Y, are you with me

Baby, you don't want my love
Tell me what you're thinking of
