

## Horses

Black Lab

You say you want some horses  
To ride 'em without end  
Horses for your lovers  
Horses for your friends

You say you want a blanket  
To wrap yourself up in  
I can burn the money  
There's nothing left to spend

And besides, you lie  
There's nothing to hold onto  
And I don't even know you

And besides, your lies  
Are almost always airtight  
Today it's always midnight  
Behind your eyes

You say you want some horses  
To keep me close at heart  
A tired man between them  
Pull a man apart

You say you want a habit  
But you don't know where to start  
You don't know why you want it  
You don't know who you are

And besides, you lie  
There's nothing to hold onto  
And I don't even know you

And besides, your lies  
Are almost always airtight  
Today it's always midnight  
Behind your eyes

And besides, you lie  
There's nothing to hold onto  
And I don't even know you

And besides, your lies  
Are almost always airtight  
Today it's always midnight  
Behind your eyes
