

Tomorrow

Black Lab

One more hour left to sunday
I know I can't face monday
Until I set my eyes on you
I know you're probably long gone
I know I need to be strong
I don't know what I'm gonna do

I will sleep, I'll sleep tomorrow
And I will dream my dreams tomorrow
And I will cry, if I cry tomorrow
But tonight I wait for you
Yeah tonight I wait for you

Forget the roses I sent
Forget the nights we misspent
All the things you leave here when you go
I wrap my arms around the steel string
Cry my eyes out till they're clean

Sit and wait till you get home
I will sleep, I'll sleep tomorrow
And I will dream big dreams tomorrow
And if I cry, I'll cry tomorrow
But tonight I wait for you
Yeah tonight I wait for you
Oh tonight I'll wait
I will face this empty cage

I walk myself up to the edge of us now
But I can't seem to get myself to jump now
I wonder if you ever feel the way I feel tonight
I guess I'll always love you
There's nothing I can do

I will sleep, I'll sleep tomorrow
And I will dream mil dreams tomorrow
And if I cry, I'll cry tomorrow
But tonight I wait for you
Yeah tonight I wait for you
Oh tonight I wait for you.
