

Electric Hellfire

Black Label Society

You've you a suicidal death wish that's plain to see
Suicidal death wish bring it to me
Have you ever met Jesus, soon you will see
You're gonna meet Jesus if you're messing with me

Electric Hellfire
Higher, higher
Electric Hellfire

This hand of doom that is holding you down
Say your prayers son, you're gonna drown
Stormtroopin' Jesus, you're gonna see
You're gonna meet Jesus
If you're messing with me
