Ruins
That stand
Fear
What you don't understand
Within these walls
Seek your truth
Denounce the lies
Beneath this roof

Have I lost myself
Have I lost my soul
As I drift so far
So far from home

I close my eyes
Now I can see
Am I losing myself?
Or am I free?

Lost shame
Without care
In your search for truth
And what's really there
Disregard of the past
Disregard the shadow it casts
