

# The Last Goodbye

Black Label Society

Take me down this road  
I've been done here once before  
Take me down this road  
Once again, never again, forevermore  
Take me down this road once more

Take this love  
Take this life  
Take this blood  
It'll never die  
Take this love  
Take this life  
Take this blood  
It'll never die  
This ain't the last goodbye

Take me down this road  
Just to see a smile on your face  
Take me down this road  
All that is and all that was cant be replaced  
Take me down this road once more

Take this love  
Take this life  
Take this blood  
It'll never die  
Take this love  
Take this life  
Take this blood  
It'll never die  
This ain't the last goodbye

Take this love  
Take this life  
Take this blood  
It'll never die  
Take this love  
Take this life  
Take this blood  
It'll never die  
This ain't the last goodbye
