

# Trampled Down Below

Black Label Society

Morning sun  
Shines its light  
Blinding the truth  
Destroying what's right

Holes begin to pierce the sky  
Light that falls  
The gathering of lies  
[?] destroys and overgrows  
As all becomes  
Trampled down below  
Trampled down below  
In time you will know

Rule and control  
For all that it's worth  
Worship and serve  
Heaven and earth

Holes begin to pierce the sky  
Light that falls  
The gathering of lies  
[?] destroys and overgrows  
As all becomes  
Trampled down below  
Trampled down below  
In time you will know
