

Dandelion Dust

Black Lips

Smoke Scarecrows with frowns
The witchy lady
She's feeling shady
Oh whoopsie daisy

Awake your eyes
Awake your eyes
Awake your eyes
I don't wanna die

Let me cross over
The two leaf clover
Dandelion dust all over
Flower power's in the thorns

Grab it by the horns
Scarecrows with frowns

Awake your eyes
Awake your eyes
Awake your eyes
I don't wanna die
Awake your eyes
Awake your eyes
Awake your eyes
I don't wanna die

In Out by the crazy
It's voodoo, baby
Creeps are under their mouths
