Black Lips

Well if you got that Lean

Come on and and give me a sip

If the police only knew

That blue lights induced a trip

Well if you give your middle finger to the Bloods and Crips

Well you duckin from the blue lights

Boy you better dip

Come on trip, come on trip, come on trip Come on dip, come on dip, come on dip,

Well if you really lookin
For what you want the most
Check out what you drinkin
Fore you announce a prost
If you tryin messin
To the holy ghost
Watch the rainbow blur
It's looking kind of gross

The most, the most, the most A ghost, a ghost, and ghost The most, the most, the most The most, the most, the most
