

So Far Gone

Black Lips

I woke up, in the forbidden zone (in the forbidden zone)
Though strange it seems I feel right at home (feeling right at home)
You say I shouldn't, maybe I should (feeling, maybe I should)
'Cause being bad, it just feels so good (feeling oh so good)

Can't, help myself
Can't be, no one else
Been falling, for so long
Will you miss me when I'm gone

I'm on the hunt for something unknown (hunt for something unknown)
It's crying out like some ancient tone (like some ancient tone)
If I drift too far, I'll be in the woods (far out in the woods)
Blowing kisses back to Miss Riding Hood (back to Riding Hood)

Can't, help myself
Can't be, no one else
Been falling, for so long
Will you miss me when I'm gone

Can't, help myself
Can't be, no one else
Been falling, for so long
Will you miss me when I'm gone

I've been so far gone for so long (I've been, far gone for so long)
I've been so far gone for so long (I've been, far gone for so long)
I've been so far gone for so long (I've been, far gone for so long)
I've been so far gone for so long (I've been so far gone for so long)

I've been so far gone for so long (I've been, far gone for so long)
I've been so far gone for so long
