

# Workin

Black Lips

Yeah I've been working,  
Yeah I've been working all night long.  
Yeah I've been working,  
Working til the break of dawn.  
And I feel so tired right now.

Yeah in the morning, when the evening kills the day.  
Yeah in the evening, the evening is the time to play.  
And I feel so tired right now.

Yeah in the morning, when the evening kills the day.  
Yeah in the evening, the evening is the time to play.  
And I feel so tired right now.

Yeah right now.  
Yeah right now.  
Yeah right now.
