Black Moth Super Rainbow

Melt me on the side of the sun
Something's wrong, nothing's wrong
Tell me where the flowers grow
Something's wrong, Nothing's wrong

I'm fading, you're fading
I'm fading, you're fading
(Melt me on the side of the sun
Something's wrong, nothing's wrong)
I'm fading, you're fading
I'm fading, you're fading

Melt me on the side of the sun
Something's wrong, nothing's wrong
Tell me where the flowers grow
Something's wrong, nothing's wrong

I'm fading, you're fading
I'm fading, you're fading
(Melt me on the side of the sun
Something's wrong, nothing's wrong)
I'm fading, you're fading
I'm fading, you're fading
