

# Falling Through a Field

Black Moth Super Rainbow

Falling through a field,  
Dandelion grave,  
I will lay here,  
Forever and ever.

Sunlight makes us feel,  
And people go away,  
And I will lay here,  
Forever and ever.

Falling through a field,  
Dandelion grave,  
I will lay here,  
Forever and ever,  
and ever and ever,  
and ever and ever,  
and ever and ever,  
and ever and ever.
