

Unknown Potion

Black Moth Super Rainbow

When you left here alone
A long, long time ago
There were flowers in the air
Gimme somewhere to go
Unknow all that I know
If I can, I'll meet you there

You're twirlin' every hair and countin' every toe
Our time won't hang on as we go
There's a misty morning coming that I ever knew
And they don't see you like I do
