

I'll Be There For You

Black 'N Blue

In the shadows, we all let go
Walk away before it breaks our hearts
Dreams can fall through, trouble finds you
Who will hold us in our darkest hour
Heartache callin', we can't hold it in now
Find a way we'll make it through the night

I'll be there for you
When you need someone
If you get lost down a dark, lonely road
I'll play on your side
You can count on me, just say the word and I'll
Be there for you
Be there for you

On the ouland, see the empty faces
Turn their eyes away, don't hear your voice
Find a true friend, you're a rich man
Live a little and have too much choice
Friends and lovers, shouldn't be like strangers
We've come to far to ever turn away

I'll be there for you
When you need someone
If you get lost down a dark, lonely road
I'll play on your side
You can count on me, just say the word and I'll
Be there for you
Be there for you

And it hurts to be lonely
It's the coldest game in town
Won't be afraid if we only
Oh, just let it out

(Solo)

I'll play on your side
You can count on me
Just say the word and I'll
Be there for you
Be there for you
I'll be there for you

Na na na na na
Na na na na na na

I'll be there, I'll be there

Na na na na na
Na na na na na na
Na na na na na
Na na na na na na
