

## Kiss Of Death

Black 'N Blue

Like it or not you're in the danger zone  
How did you get in there  
Turning your house into a stranger's home  
Who said this game was fair  
You're like a target on the wall  
This girl is after you, she's after you  
You're just another guy in line  
And there's nothing you can do, no  
This girl is killing you  
Turn around boy  
She's the kiss of death  
And she's got your life hangin' by a thread  
Listen to me boy  
Better save your breath  
'Cause she's got your life, she's the kiss of death  
Yeah, like it or not she's gonna drive you mad  
Her precious lips for you  
Only a night, you know that you were had  
And just one kiss will do  
Just one kiss

You're like a target on the wall  
This girl is after you, yeah you  
You're just another guy in line  
And there's nothing you can do  
This girl is killing you  
Turn around boy  
She's the kiss of death  
And she's got your life hangin' by a thread  
Listen to me boy  
Better save your breath  
'Cause she's got your life, she's the kiss of death  
(Lead break)  
You're just another guy in line  
And there's nothing you can do  
Well, this girl is killing you  
She's the kiss of death  
And she's got your life hangin' by a thread  
Listen to me boy  
Better save your breath  
'Cause she's got your life  
She's the kiss  
She's the kiss
