

Stop The Lightning

Black 'N Blue

Stop the lightning

A crazy world, a crazy dream
A lot of people don't know what I mean
We're right and they're right too
Let's get it right together
I know a lady, I know a man
They got a lot of problems and demands
They lose if they don't win
That's why the story will end and not begin

Stop the lightning
Don't want no more fighting
No more fighting
Stop the lightning

I was the hunter, she was the game
But she left me singing in my own rain
I fight and she fights too
We made some lousy weather
I know a lady, I know a man
They threw a lot of love into the trash can
They lost what could have been

That's why the story will end and not begin

Stop the lightning
Don't want no more fighting
No more fighting
Stop the lightning

No!

Stop the lightning
Don't want no more fighting
Stop the lightning
(Stop the lightning)
Don't want no more fighting

Stop the lightning
Don't want no more fighting
Stop the lightning
(Stop the lightning)
Don't want no more fighting

(Stop the lightning)
Stop the lightning
(Don't want no more fighting)
Don't want no more fighting, yeah
So stop the lightning, yeah
(Stop the lightning)
Yow!
